RAID ON SPIRITS

The Bears Forced Down the Stock on Rumors.

THE TARIFF WOULD BE RAISED

The General Halfway Line Scored Small Losses for the Day—Wheat Showed a Gain.

New York, Dec. 15.—Money on call has been easy, ranging from 1 to 1½; last loan at 1 per cent and closing offered at 1 per cent.

Government bonds, 84.56@8.50 for demand.

Silver certificates at the board were neglected.

Today's operations at the stock exchange were simply a repetition of yesterday's and Wednesday's markets. The sales were again small, amounting to 146,753 shares of which 65,000 were unlisted stocks. In the last named total Sugar figured for 40,000 shares. A few stocks like Sugars, New England, Distillers, General Electric, St. Paul and Chicago Gas monopolizing the attention of operators. Sugar was decidedly stronger, rising from 79½ to 81. The size was ascribed to covering of shorts. New England was firmer on Boston advice that the company would certainly meet its January interest. Distillers after a slight advance at the start, suddenly broke to 77½; the decline was due to a raid and the circulation of the old report that the tax on distilled spirits would not be raised. General Electric was strong at one time on a rumor that the company had contracts for \$1,000,000. Just near the close it was noted that selling movement in Distillers, New England, American, Western Union and all these stocks was at the lowest point of the day. In the final transactions there was a slight recovery and the market left steady.
